Tennis Club Reorganizes

A meeting of tennis enthusiasts
was held in Muir's Store on Tues-
day for the purpose of reorganizing
the club for the present season.

Of fifty people who had signified
their intention of joining the club
more than one half were present at
the meeting, which was character-
ized by enthusiasm and evidence of
determination to put the club
quickly into running order.

The officers were elected as
follow: President, W. A. Smith;
Vice-President, E. G. Allen;
Secretary-Treasurer, Chas. Carnegie
Executive Committee, Mrs. Bredin,
Miss Gubb, Miss McEachren, Rev.
A. C. Swainson, Dr. W. G. Neilson
and A. L. Seale.

It was announced that Mr. Pres-
ident had very kindly promised to
superintend the work of preparing
the courts, and it was decided, in
view of the great expense which
cinder courts would entail, to make
clay courts for this season.

The entrance fee was fixed at
\$5.00 each for ladies and gentlemen
and with the prospects for a large
membership in sight it is expected
that the grounds will be put into
first-class shape.

The official opening of the courts
has been fixed for the King's Birth-
day, June 3rd and it has been sug-
gested that a tournament be arranged
for that day which will give
everyone an opportunity for playing
and getting acquainted.

The club is open to every person
who wishes to join and those who
have not yet made application are
requested to hand in their names
accompanied by the entrance fee to
any of the Committee or to the
Secretary, Chas. Carnegie.

If enthusiasm counts for any-

Great Expectations

The ideal weather conditions of
the past week or so has brought the
wheat along in first class shape,
fully making up for the late spring
and creating further prospects for a
record crop.

An eight hour rain last Saturday
morning added tremendously to the
moisture reserve, and helped to
quicken the growth of grass and
grain alike.

The newcomers to the district are
taking full advantage of the re-
markably favorable conditions and
are rapidly bringing new land
under cultivation.

Seeding is finished everywhere
except in a few cases where farmers
are sowing out for green feed.

Larger acreages are being seeded
this year than ever before and
everything points to a banner year
for the district.

Greater interest appears to have
been taken in gardening this year
and we hope to see Mr. Oxley's
vision of a Bassano Beautiful just-
ified before the summer is over.

Soccer Notes

(By "Sport")

The Bassano Football eleven
travelled to Brooks on Saturday
last to meet the Brooks team in the
opening game of the season.

Although the Bassano team had
several players who had never played
a game of "soccer" before, they
were able to slip it over on Brooks
to the tune of 3 goals to one.

Bill Leach was laid out for a few
continued on page 4

thing the Bassano Tennis Club
should be a huge success this
season.

Don't Give Eggs Away

Buy a few Cocks and
some Water Glass and
store the eggs till prices
increase.

We sell all sizes of Cocks and one
quality of Water Glass—the best.

Churns - Cream Cans - Egg
Crates - Power Washers,
Oil Stoves - New Cedar Mops

These are all summer necessities
The first three concern the farmer
and the last three should concern
every man who studies his wife's
comfort as much as his own.

Managing Editor: E. G. Allen

Saturday May 24th is Empire Day and in accordance with usual custom will be observed everywhere throughout the Empire as a public holiday.

Bassano, being part of the British Empire, will celebrate the day loyally. The Stores, Banks and Offices will be closed all day.

A large number of townspeople will take in the U.F.A. Picnic at Hutton; many will no doubt accompany the Junior Baseball Team to Gleichen, but the majority will spend the day in town where there will be a big ball game in the evening with the Calgary Cubs providing opposition for the Bear Cats and at night an interesting meeting of the W.V. Veterans who have some special speakers down to address the members and public generally.

Services will be held as usual in the Presbyterian Church during the absence of Rev. T. S. Paton who left for Scotland with Mrs. Paton to-day.

We would suggest that a meeting of business men be held early next week to fully discuss the question of a weekly half-holiday. Let us get together and thrash the matter out fully. It is worth while.

Soccer Notes

minutes in the second half of the game on account of a collision with one of the opposing players.

Who was the Brooks player who tried to teach Cooper the rules of the game. Will somebody please buy the editor of the "Bulletin" a copy of Association Football Rules for the next game.

The Bassano team had a "link horse" with them in the person of L. Desharois.

Although the Bassano boys were up against heavy material they were able to hold their own and more besides.

When we are going to see more interest taken in this sport by those who profess to have passed it before and who were not waiting for someone to start the ball rolling.

Now that the ball has started rolling let the "double-headers" come out and keep it rolling. The playing pitch is just on the north side of the school, so just walk over any nice evening during the week and see if you can't still take a "poke" at the goalies. "Suff said."

Finish The Job

This is our government. We elect the men who make the laws. Therefore, we are responsible. Our citizenship has obligations to less than its opportunities.

Not only was it necessary for each one of us to lead every energy to win the war, it is now the duty of each one of us to finish the job and pay the bill.

There are now two ways to pay it. One is to tax, the other by purchasing Credit and War-Savings stamps. In the latter case, we get a shorter-term, interest bearing liability bond of our government with all the property in this country, your property and any property behind it. No other bond is as good, no other bond is as safe, and it is our duty to buy them.

We are careful to protect our credit by meeting our obligations at the time. Are we fully as careful to meet our credit as citizens? To-day that credit is at stake. If we do not keep faith, if we do not back up our government, if we do not pay the cost of the peace which came sooner than anybody expected, then we are slackers and have no right to enjoy the blessings of this great, free, country.

Now, what is a War-Savings Stamp? It is more than the promise of Canada to pay a certain fixed sum of money and a certain fixed rate of interest at a certain definite time. It is our pledge to civilization, to Christianity, that we shall meet our great responsibilities before the end of the war. It represents honor, truth, freedom, justice, equality under the law, and the pursuit of happiness, and it represents these just as truly as

Bear Cats Have Good Batting Practice

The Bear Cats opened the baseball season on May 18th, playing a team captained, by Somerville, formerly star fielder for Bassano, but now piloting the Cluny ball club. "Sonny" didn't have his team organized just right, and the game turned out to be a rather listless affair. Particular mention might be made however, of Cluny's pitcher, 1st baseman and 2nd baseman, who, all three played brilliant games, in their positions, and hit in big league style. Somerville lost a good chance, to bring in 3 runs, in the 3rd inning, when, with the bases full, and only 1 man out, he hit into a double play, retiring the side. The score at end of the game stood 12 to 3, in favor of Bassano.

We are much pleased with the appearance of Ralph Burroughs in a Bear Cat uniform. He had 2 clean hits, and fielded the 3rd base position in fine style. As much can be said of Hilfory, the new shortstop. He is one of the fastest men, we have ever had here, fields his position perfectly, and got a couple of healthy blows, off another's delivery. You, at 2nd base, is a willing lad, who bears the marks of a ball player, with some good coaching, but was a bit nervous, in his first game. Jack O'Brien had an off day, (or night) but he is a good little 1st baseman, just the same, and we expect to see him do some good work before the season goes very far. Fortier, played a rotten game, (or Cluny), and the "old horse" wouldn't be satisfied with less than 4 hits, and a base on balls, out of 5 times up. One of said hits, was a home run, so we suppose Bill is smoking a box of cigars, offered by Fortier's pool room, for the first home run.

Two of the outfielders, McCook, and Farlati, both members of last year's team, are holding down 1st field positions, and their work is well enough known, to need no comment. Lloyd made a "hit" in this game.

Wallace, in right field is a new man, but had little to do, and we couldn't get much of a line on him. Lemley, one of our new pitchers, did not have to work, in this game, but he looks like a ball player, and we would like to see him work in a game, where he has to hand out the best he has.

\$30 REWARD

Buy an Irrigated Farm

From the Canadian Pacific Railway.

Irrigation makes the farmer independent of rainfall, and insures good crops, not only seasonally, but EVERY YEAR.

Irrigation makes possible the successful culture of alfalfa, the king of alfalfa, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having abundantly demonstrated its advantages wherever intelligently applied.

BECAUSE—

the Canadian Pacific Railway at prices up to \$50 PER ACRE, with twenty years to pay and the privilege of a loan of \$5,000 or more (6% interest); no principal after first payment until end of fourth year, reduced interest if settlement conditions are complied with, and no water rental for first year.

Contract can be paid off before maturity if desired.

This is the most liberal offer of irrigated farm land on record.

For full particulars, apply to

Allan Cameron, General Supt. of Lands
Canadian Pacific Railway, Department of Natural Resources
225 First Street East, Calgary, Alberta.

FOR SALE!

One D35 (five passenger) McLaughlin Automobile with two new tyres this Spring and two spares.

Has just been overhauled by Sambrook and Steel. That means it is in A1 shape.

One Double-barrelled Shot Gun, with leather case complete. Fox Special.

One of the best guns made—Only slightly used.

BASSANO MUNICIPAL HOSPITAL

Notice To Ratepayers

In accordance with the terms of the Municipal Hospital Act, petitions were received on Nov. 24th by the Minister of Health, at Edmonton asking for the creation of a Municipal Hospital District including the territory described below. Complying with these petitions, the Minister of Health established the Bassano Municipal Hospital District on Jan. 4th. Following the establishment of the District, the Municipal Council in the said district, in accordance with the terms of the Act, duly appointed a Hospital Board to prepare a scheme for the building and operating of a hospital in the said district.

The Hospital Board met and prepared a scheme outlined below. This scheme is now, under the direction of the Minister of Health, to be advertised throughout the said district for a period of fourteen days, following which, providing all other conditions have been complied with, the scheme will be finally approved and a date fixed, not exceeding thirty days from the date of such approval, upon which the Ratepayers of the said District will be called upon to vote for the adoption or rejection of the said scheme. The territory included in the Hospital District is as follows:

- (a) Town of Bassano.
- (b) All Improvement District No. 210.
- (c) All Improvement District No. 217.
- (d) All Improvement District No. 180.
- (e) Improvement District No. 156.

Township 19, Ranges 18, 19 and 20 north half of Township 20, Ranges 19 and 20.

The Hospital scheme submitted by the Board upon which the Ratepayers will be asked to vote, is as follows:

1. The Board to accept a transfer from the Town of Bassano covering the Municipal Hospital, land, and equipment, free from all encumbrances, excepting the present Debenture Indebtedness thereon. For said transfer the Board to pay the sum of six thousand Dollars, (\$6000.00), payable by assuming the present Debenture Indebtedness of Five thousand Dollars (\$5000.00) with interest at 5% dating from April 1st, 1919, and the sum of One thousand Dollars (\$1000.00) in cash. The said Debenture to be paid by the Board on the same terms and conditions as those for which provision was originally made by the Town of Bassano.

2. The Board to extend and to equip the Hospital to meet the requirements of the District, subject to the approval of the Minister.

3. The Board to supplement the revenue derived from taxation by a schedule of fees as under:
 - (a) Room fee ratepayers and members of his or her family, \$1.00 per hospital day.
 - (b) Resident non-ratepayers upon the payment of \$5.00 on or before the first day of September, 1919, and on or before the thirty-first day of January in each subsequent year, shall be entitled to the ratepayer's fee of \$1.00 per day.
 - (c) Non-residents and residents of the district failing to comply with paragraph (b) thereof shall pay \$3.00 per day.
 - (d) Operating room fees to ratepayers and non-ratepayers complying with paragraph (b) thereof. Operating room charges to all others—Minor operations \$8.00, major operations \$5.00.

4. In addition to assuming the existing Debenture Indebtedness of Five thousand Dollars, (\$5000.00) as provided in Section 1 of this scheme, the Board to create a further Debenture Indebtedness not exceeding Fifteen thousand Dollars, (\$15,000.00), ten (10) year Debentures at 7% for the purposes of Section 2 of this scheme.

5. To repay the existing Debenture Indebtedness as provided in Section 1 of this scheme, and to create an annual sinking fund to provide for the payment in full of this Debenture Principal on October 1st, 1923.
6. To repay the new Debenture Issue of Fifteen thousand Dollars, (\$15,000.00), by equal annual installments of principal and interest.

ESTIMATED REVENUE
Hospital fees from ratepayers and resident non-ratepayers \$ 5000.00
Revenue from resident non-ratepayers as provided in paragraph (b) Section 3 of this scheme 1200.00
Government Grant 1000.00
Assessment Revenue 10882.00
\$ 21082.00

ESTIMATED EXPENDITURE
Interest on existing debenture Indebtedness \$ 450.00
Principal repayment on debenture Indebtedness 1250.00
Interest on new debenture Issue 1000.00
Principal repayment debenture Issue 1000.00
\$ 4700.00

Minutes of Bulyea Council

Minutes of Council Meeting held at Municipal Office Saturday May 10th at 10 o'clock p.m. 1919.

Attendance, Reeve, Stewart, Dery, Reeve, Kemp, Coun's Gibson, Braden, Coulter and Hogg.

More Production To Solve Labor Unrest

Ottawa.—That there is a shortage of food in the world; that Canadian prices are regulated by demand abroad; that there is no great plus of food supply in Canada; that the duty of Canada is food production for the benefit of itself and the world, that the government may present a program to regulate the cost of living, and that industrial unrest can be traced to the cost of living, were stated in the senate by Hon. G. D. Robertson, minister of labor.

Hon. Mr. Robertson said that there appeared to be a great deal of misunderstanding in Canada as indicated by press comment and resolutions calling for enquiry to reduce the cost of living and charging there high prices of food to hoarding for profit. Mr. Robertson said the people of Canada should know there is no surplus of food in Canada, and unless production was increased, there was little hope for such reduction of food prices.

As to food in cold storage if it were realized, little would be done to relieve the situation. If all the butter in storage on May 1 were divided it would give each Canadian 12 ounces, a division of eleven ounces would give each Canadian less than a quarter of a pound. The quantity of butter in cold storage was 338,334 pounds, oleomargarine, 315,764, short, 1,064,318 pounds, eggs a little over 3,000,000 or a third of a dozen per head, pork two and a half pounds per head, and a half pound per person. What portion had been sold for overseas consumption he could not say. He gave the figures to show the incorrectness of the idea that the present high price of butter, for instance, was due to there being large quantities in storage held for the benefit of the owners. This was the season of egg production when usually they are collected for storing, but today eggs were not forthcoming, and therefore only small stocks are being laid out. Unless production increased there was the prospect of an egg famine within a year.

The column appears the first chapter of our new serial story.

Steamer Brings Interesting Cargo

Montreal.—The steamer Vendella brings an interesting and historic cargo in port, consisting of a score of captured guns which were wrested from the Germans by Canadian soldiers. Among the famous guns is a big gun which is labelled, "Second Canadian Division, 24th battalion, No. 590"; this is assigned to the Victoria Rifles, Montreal. Number 917 is for the 21st Canadian battalion and it is addressed to the lieutenant-governor of Ontario. Number 918 was captured by the 31st battalion, a western unit, in August last, and it is assigned to the lieutenant-governor of Alberta. Number 919 is the property of the 25th battalion of Nova Scotia. There were others, but they were in many cases illegitimately marked.

Friendly Reception of Austrian Delegates

Paris.—Chancellor Renner, the Austrian foreign minister, brought his peace delegation and their attendants to St. Germain, near Paris, and at a later date will appear before representatives of the allied and associated powers to receive the condition which will spell peace for the former empire.

A notable feature of the reception was the absence of Germans, who had requested permission to greet the Austrians, but had been denied this privilege. The prefect of the department, M. Chastel, met the Austrians courteously, and although there was no official handshaking, many members of the party were greeted by unofficial handshakes. The Austrians, however, were being shown to the waiting automobiles.

The delegates then proceeded under military escort to the villa, an estate for sale for them, overlooking the valley of the Seine and Paris and lacking the high fences and sentries so much in evidence at Versailles.

It was a composition crowd which awaited the delegation, French, Eng-

Reds Attempt to Kill Paderewski

Attack on Premier Upon His Return to Warsaw

New York.—A Warsaw dispatch reports an attempt by Bolsheviks to assassinate Premier and Mrs. Paderewski. Few details of the attack on the premier are to hand although it is stated that the attempted assassination took place as he alighted from his train upon his return to Warsaw from Paris.

The attempt followed a series of demonstrations of approval and welcome accorded to M. Paderewski at the towns and cities through which he passed on his return to Warsaw. Those demonstrations being a tribute to the work for Poland which the premier had done at the Polish conference in Paris.

The Poles are satisfied with the decision on the Danzig question and are also pleased with the solution of the Silesian boundary problem. In the decision on the Teschen coal field, some disappointment is expressed.

Germans Will Hold Out

Ebert Hopes U.S. Democracy Will Not Accept Treaty

Berlin.—Declaring that the terms of peace presented by the allied and associated powers were a "betrayal," President Ebert, in a speech, "contemplate the physical, moral and intellectual paralysis" of the German people that Germans were "hypnotized" by statements made by President Wilson, and that he, himself, is looking forward to the future "with great apprehension." President Ebert said that he still hoped that the United States democracy would not accept the treaty framed at the peace conference. He rejected with disdain the suggestion that the present German government would resign its office. He repeated with disdain the suggestion that the government would "hold out to the end."

London.—The government-owned settlement committee is sending letters to the commissioners to the dominions, two to visit Canada, two to Australia and two to New Zealand. They purpose to enquire into openings for women, particularly workers on the land, with a view to settling in the dominions women workers desiring to emigrate.

Ties for H. B. Railway Ottawa.—Contracts for 250,000 ties to be used on the construction of the Hudson Bay Railway, have been awarded. H. B. Cannon will supply 75,000, H. F. North 100,000 and John Dier 75,000. All three are of the P. & S. The contract price is sixty cents and the ties are of spruce and pine, mostly the former.

Dutch and Kaiser The Hague.—The Dutch government has decided to send a former Emperor William. The question at present, it contends, concerns only Germany and the empire.

Assassination is Threatened London.—An astounding state of affairs in Ireland was revealed by the Lord Chancellor in moving the second reading of the criminal injuries (Ireland) bill in the house of commons. The bill provides compensation in the case of any officer of the law who is killed or injured while on duty in connection with a government proclamation in Tipperary a counter-proclamation was issued, which declared that any person in the pay of England, magistracy, justice, or the like, would be deemed to have forfeited his life.

Civilians who gave information to the military or police would be executed—"that is to say, shot or hanged." Volunteers were also called upon to contemplate the possibility of offensive action, more strenuous than in the Easter rebellion. The men who were exposed daily to such risks, said the Lord Chancellor, should be protected by the whole force of the country, and if they became the victims of assassination, adequate provision must be made for their widows and families. Lord Crew, however, thought the situation had been exaggerated. Political sympathizers with the party of violence had taken a step to the left, and were less inclined to support the cause of law and order. The bill was read a second time.

Nearly Three Million Loaned Regina, Sask.—Major Ashton of the soldiers' settlement board, stated here that in April well over \$300,000 had been loaned in Saskatchewan; \$1,200,000 in Alberta and \$1,055,000 in Manitoba. He expected May loans in Saskatchewan would amount to \$1,000,000. It is probable that a western conference of those connected with soldier settlement and land capacity will be arranged for this summer.

Will Not Strike Letbridge.—Civil employees who voted some days ago to go on strike have rescinded their action and applied for a Dominion board of arbitration to settle the dispute.

W. N. U. 1264

Winnipeg Paralyzed by Strike

Greatest Labor Struggle in City's History Now in Progress

Winnipeg.—Winnipeg is now in the throes of the greatest labor struggle of all her history. Estimates vary widely as to the total number of workers out on strike, these running from 25,000 to 27,000.

At a mass meeting of the G.W.P.A., Army & Navy Veterans and Imperial Veterans of Canada associations, including all men of the military and naval services, a resolution was passed to the effect that every legitimate demand should be made for peace and order; and providing, further, that when the present trouble has been adjusted the returned veterans and labor representatives will discuss the deportation of the undesirable enemy alien.

The mayor and city council are grappling with the problem of maintaining the essential services of public utilities, police and fire protection, as the strike continues. Every walk of industrial and commercial life in Winnipeg is represented among the strikers. Wholesale and retail stores are closed, and in a number of cases closed. The large departmental stores experienced only a partial walk-out and are continuing to give service. The hotel and restaurant industry is also closed, these, employing some 6,000 hands, lost the assistance of about 700 employees, including engineers, tailors, grocery clerks, butchers, and luncheon waitresses and kitchen help.

With only the postmaster, his deputy and three stamp clerks remaining on duty, the post office is tied up—269 postal workers having quit at eleven o'clock. Street railway service is at a complete standstill, while the question of the city granting the jitney drivers, again operate is under advisement.

Free automobile rides for pedestrians are again being offered by auto owners. The five brigade is out to the city, except for the chief and his deputy and district chiefs, the department being manned by volunteer firemen. Numerous fire alarm calls are being answered, but nothing of a serious nature had to be coped with. All the city hall employees are out on strike, and there is not an office at the city hall where you can even pay a bill.

Light and power and waterworks employees are out, but efforts are being made to continue the water supply and to provide for the city's power for domestic lighting purposes.

More than 4,500 men, including clerks, checkers, etc., are out on strike at the offices and shops of the C.P.R., C.N.R. and G.T.P. railways.

Assassination is Threatened London.—An astounding state of affairs in Ireland was revealed by the Lord Chancellor in moving the second reading of the criminal injuries (Ireland) bill in the house of commons. The bill provides compensation in the case of any officer of the law who is killed or injured while on duty in connection with a government proclamation in Tipperary a counter-proclamation was issued, which declared that any person in the pay of England, magistracy, justice, or the like, would be deemed to have forfeited his life.

Civilians who gave information to the military or police would be executed—"that is to say, shot or hanged." Volunteers were also called upon to contemplate the possibility of offensive action, more strenuous than in the Easter rebellion. The men who were exposed daily to such risks, said the Lord Chancellor, should be protected by the whole force of the country, and if they became the victims of assassination, adequate provision must be made for their widows and families. Lord Crew, however, thought the situation had been exaggerated. Political sympathizers with the party of violence had taken a step to the left, and were less inclined to support the cause of law and order. The bill was read a second time.

Public Health Nurses in Alberta

Welfare Stations Established in Various Parts of the Province

Edmonton.—Thirteen public health nurses will shortly be appointed to welfare stations in different parts of the province for the purpose of carrying on the campaign of health and welfare education inaugurated last year. A new class of nine nurses is being trained under the general direction of Dr. Herbert Jamieson, in this week taking clinics from the public health officers and in city hospitals, and will be ready in the course of a few weeks to go out with the four nurses already in service to the several points to be occupied as working centers this summer. It will be the duty of the nurses to look over the health inspection of schools in their districts, the general promotion of child welfare, pre-natal work and mothers' meetings and the instruction of the stations shall be more or less permanent. It is a new departure in Alberta, and with good results.

Alien Homesteaders To Be Investigated

Action Taken to Make Them Available for Soldier Settlement

Ottawa.—Dominion lands held under homestead entry by alien and other whose duties are in default will be checked by the Dominion land officers and action taken to make them available for soldier settlement. This action is the result of conferences between the department of immigration and the department of lands. It also has been decided to check up land held under the temporary reservations which might now be discarded.

The soldier settlement board will take steps at once to enlist the co-operation of the alien homesteaders, obtaining from local sources information concerning such lands.

"Black Watch" The Best Black Pig Chewing Tobacco on the Market

Ships Lost in War

British Lost 2,197 Merchant Ships With a Tonnage of 7,638,000

London.—The ministry of shipping announces the number and tonnage of allied merchant ships lost through enemy action as follows: Britain 2,197, tonnage 7,638,000; France 238, tonnage 687,000; Italy 283, tonnage 742,000; Japan 29, tonnage 120,000; United States 80, tonnage 341,000. In addition to the foregoing 20 British vessels, tonnage 48,000 tons, were lost on admiralty vessels.

An absorbing romance in serial form commences in this week's paper.

Afghans Violate Treaty

London.—A Russian government wireless message received says that the Afghans have violated the treaty in Moscow to establish relations between Afghanistan and Russia.

This is in violation of the treaty between Afghanistan and Great Britain, under which Afghanistan is not allowed to enter into relations with any foreign country, except Great Britain.

Recruiting for R.N.W.M.P. Toronto.—An appeal for recruits to enter the service of the Royal North West Mounted Police is being made, in this city owing to the shortage of men posted in the west.

Inspector W. P. Bevis, of Regina, visited the office of the provincial government employment bureau in search of any available men. He said that during the past three years they had lost fully 900 men, 750 of whom served in France and the remainder in Siberia. The need of increasing the force has been placed before the authorities who are offering a splendid opportunity to physically fit unmarried returned soldiers or civilians who are desirous of securing outdoor employment.

Purchases in Argentina London.—The German finance commission at Versailles learned that Germany has bought in the Argentine 135,000 tons of wheat and 20,000 tons of flax seed. On being informed, the entente sent 250,000 tons of ship against La Plata so that the German government would be physically fit unmarried returned soldiers or civilians who are desirous of securing outdoor employment.

Budget Indignant London.—Budapest wireless messages state that the entire press is indignant at the German request for armistice conditions and declares that the only reply to such arrogant terms is by arms.

Must Dismantle Armament Works

Murdered By Sinn Feins

Attack by Armed Gang Near Limerick Killed Robb Lines of More Casualties

Knocknong, Ireland.—Four police officers who were taking a Sinn Fein prisoner to Cork were attacked by an armed band at this Knocknong station. The armed men rescued the prisoner and killed one of the policemen and seriously injured another. A third policeman is missing.

Knocknong is a small town in Limerick county about eighteen miles southeast of the city of Limerick. It is on the Great Southern and Western railway.

War Expenditures

Britain Spent a Large Amount in Canada During War Period

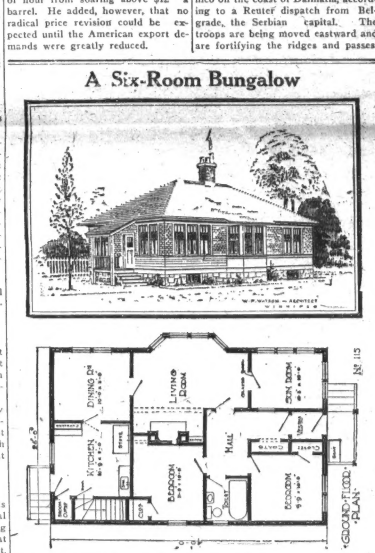

London.—In the house of commons, replying to Sir J. Morison-Griffith, Col. Emery, under secretary for the colonies office, stated that the total expenditure in Canada was approximately \$225,000,000 sterling; in Australia \$290,000,000; in New Zealand \$75,000,000; in South Africa \$23,000,000; and in Newfoundland \$2,000,000.

Will Import Canadian Wheat Minneapolis.—Julius H. Barnes, executive of the United States Grain Corporation, who conferred with millers here, announced that the corporation had arranged for a moderate importation of wheat from Canada.

He stated that a moderate downward revision of prices in foodstuffs was anticipated, and that sufficient wheat was available to keep the price of flour from soaring above \$12 a barrel. He added, however, that no radical price revision could be expected until the American export and imports were greatly reduced.

Italians Land in Dalmatia London.—The Italians are landing military forces at Zara and Zadar on the coast of Dalmatia, according to a Reuters dispatch from Belgrade, the Serbian capital. The troops are being moved eastward and are fortifying the ridges and passes.

A Six-Room Bungalow

The above bungalow shows a lay-out which is ample and at the same time convenient, with practically no space wasted.

Germans Must Sign Or Armistice Ends

Paris.—The German peace delegation is busy preparing voluminous counter-proposals for submission to the allied and associated powers as substitutes for terms of the peace treaty. Several economic subcommittees of the delegation met, including the one on food supply.

The council of four, composed of Premier Lloyd George, Clemenceau, Orlando and President Wilson, considered the question of the imposing of the blockade on Germany in case the allied and associated powers accept peace treaty. The subject was under discussion at two separate meetings of the council. On the other hand it was anticipated that the blockade will be entirely lifted immediately if the German delegation affix their signatures to the treaty.

A note on reparations does not present against the payment by Germany for the devastation wrought in Belgium and northern France, which it says Germany is ready to do willingly. It is added, however, that Germany will not pay reparations for this damage on the principle that she was responsible for the war.

Coblentz.—Marshal Foch is due to arrive at Coblentz tomorrow. He is making a trip which is taking him to the different headquarters of the occupied areas. The marshal will come here from Mayenne and will be escorted down the Rhine by French gunboats. He will be entertained at Luncheon by Lieut.-General Ligier, commander of the United States third army, who will then proceed to Cologne under escort of British gunboats.

Wipe Out Austrian Navy

Paris.—The naval terms of the treaty to be presented to Austria, say they have been completed, entirely wipe out the Austrian navy. All the ships of that navy, large and small, are to be surrendered. Their disposition among the allies is to be adjusted later.

Giving Back The Eiffel Tower

Paris.—The Eiffel Tower of Paris has played quite an important role in the history of the war, and the end of its career as a structure was believed to be impending. Erected in 1889 for the exhibition of 1889, there was a prevalent belief that after 15 or 20 years the condition of the tower would necessitate the demolition of the tower, but fortunately the day for the "highest building on earth" was put off. At the beginning of the war, the Eiffel Tower was taken over by the military authorities as an anti-aircraft observation post, as well as a wireless station. To the lonely watcher at the top of the tower was accorded the responsibility of giving warning of the approach of Zeppelins and Gothas. Today Parisians are rejoicing over the prospect of getting their beloved tower back to normal uses. Early this month, it will be thrown open to the public, and, presumably, will once more ascend to its pinnacle for the sake of its unique panoramas and the novelty of sending of the familiar postcard from the tower to the "top of the world". In the meantime, the various military services which had their quarters round the base are removing to some other camping ground.

Relieves Asthma at Once.

Only One "BROMO QUININE". The honey cure of 1918 averaged 64 pounds per hive, making in all 94,000 pounds of honey produced in Manitoba. This year 180 beginners started as bee keepers. Manitoba now has 221 apiaries, keeping approximately 147,300 colonies. Manitoba beekeepers received from 25 to 35 cents per pound for their honey in 1918.

Damage Done To Rheims Cathedral

Paris.—In view of the conflicting reports which have from time to time been published with regard to the damage done to Rheims cathedral by the German bombardment, the following statement has been received from an authoritative source:

The western facade and portal are severely battered, the greater number of the pinnacles of the exterior front have been shot away, the roof has several gaping holes in it, the high altar is a formless mass of debris, and the choir, as such, has ceased to exist. Some of the glass has been preserved, but most has been totally destroyed. All that really remains is the core of the foundation, which is fairly considerably shaken and weakened—and the remarkable series of vaults, which were well built.

Nothing in the way of restoration has yet been begun, and the public are shown the church by a guardian who tells them it will take a generation to repair it. It is hard to conceive any better reminder of the German than the pathetic sight of this monument of Gothic art which the vandals of the twentieth century have left a shattered shell.

A Wonderful Clock

San Diego, Cal., has a wonderful clock with 20 dials, which tell simultaneously the time in all parts of the world, also the days of the week and the date of the month. It stands 21 feet high, and four of its dials are each one foot in diameter. The material clock is enclosed in plate glass so that every action can be seen, and the whole is illuminated at night. It is jeweled with ornamental jewels, agate and jade, and took 15 months to build. The motive power is a 200-pound weight, which winds itself automatically.

One woman always pays more attention to what another woman has to say than to what she says.

Almost a Miracle, But Very Simple

Was the Cure of John New by Dodd's Kidney Pills?

His Troubles All Came from Sick Kidneys and He Treated Them with the Old Reliable Canadian Remedy, Dodd's Kidney Pills.

Hillside, Battleford, Sask. May 19 (Special).—With a speed that was almost miraculous, Mr. John New, well-known farmer here, has been cured of the kidney trouble from which he suffered for several years.

"Dodd's Kidney Pills cured me," I wish to give them all the thanks."

Speaking further of his troubles and their sudden cure, Mr. New says: "I think I inherited by kidney disease from my parents, and I suffered off and on for several years. I had stiffness, the joints, cramps in the muscles, backache, and neuritis, perplexed freely on the slightest exertion and my perspiration had an unpleasant odor. I was irritable, often dizzy and was depressed and low spirited. My skin was dry and I had a harsh feel and I was often nervous."

"I took just one box of Dodd's Kidney Pills. They cured me."

"If your troubles come from the kidneys you will find Dodd's Kidney Pills. The man who aims to roll up a fortune must first learn to roll up his sleeves.—Aylmer Express."

Alfred Black-Belted Gunboat Archangel.—One Black-belted gunboat is reported to have been sunk on the Divina river during an engagement between the British river flotilla and land batteries and the enemy fleet. The allied flotilla, aided by airplanes, also conducted a brisk bombardment along the Vega river.

JOS. WRIGHT,

Box 26

Ten years local Manager.

Phone 31

Local and Personal.

Born—To Mr. and Mrs. John Clynne on Friday, May 16th, a son.

Service will be held in the Anglican Church on Sunday next at 7.30 p.m.

Mass will be celebrated at Bassano at 9 a.m. and Countess at 12 on Sunday June 1st.

One of the most interesting tales of the war will be told by Veteran Palmer who returned this week after serving in the Motor Boat Patrol.

Pte. Geo. Travis returned from England on Monday, looking exceedingly well after his army experiences.

The Hutton U.F.A. Clinic which has never yet failed to provide a good time for May 24th is bigger and better than ever this year.

Born—To Mr. and Mrs. H. D. Powers on Tuesday May 20th at the Holy Cross Hospital, Calgary, a daughter.

A. S. Dawson and J. M. Muckleston the Chief and Assistant Chief Engineer of the C.P.R. Natural Resources Dept., were in town for a few days this week.

Bassano is to be congratulated upon securing the attendance of Leslie Grossmith, the world famous entertainer, at a Concert which will be given under the auspices of the Bassano School.

Bro. Newlitt of Brooks has been rusticated so long that he has forgotten a lot of the rules of Soccer, but even at that can still put up a big argument to say nothing of a good game.

Bob McKelvie one of the real old-timers of Bassano who took in the Big Time in France from the very start and stayed with it till the armistice was signed, was in Town on Monday renewing old acquaintances.

Billy Souerville brought his team of Indians down from the Cluny reservation on Sunday last to pick up a few pointers in the art of Baseball from the Bear Cats. Billy seems to cling to the old town for some reason or other.

The regular meeting of the Bassano Branch of the War Veterans will be held on Sunday at the Association office in Muir's old store. The Veterans are all bringing their War trophies to the office where they are on display. This is an excellent idea and will prove of great interest when the collection is complete.

Mr. and Mrs. Jacobsen sustained a severe loss on Tuesday when their house and everything it contained was burned to the ground. The origin of the fire is not known. Mrs. Jacobsen had left the house to get something from the barn and on her return found the place in flames. We understand that nothing whatever was saved.

A large number of his friends were at the depot Wednesday to welcome Pte. "Cap" LaZerte upon his return from France. Not even the hardships and horrors of war has eradicated his good-natured, full-of-pep-like smile, for it was just the same old "Cap" as ever. LaZerte informed us that Jimmy Street may be expected back inside of two weeks.

If you want to thoroughly enjoy yourself for a couple of hours don't forget to hear Leslie Grossmith at the Gem next Wednesday. He is a prince of entertainers. Comedy, pathos, brilliancy of musical ability wonderful interpretations and character studies are among the many attractive features of Leslie Grossmith's entertainment. Gem Theatre—Wednesday, May 28th.

Leslie Tosh, who is managing the Pollockville branch of the Union Bank was in town over the week end. He tells us that crop prospects over the Red Deer are exceedingly good. Seeding is practically completed and the acreage larger than ever. Pending the erection of the Bank premises Pollock's barn is being utilized, which while somewhat unorthodox serves the purpose all right till it rains.

The Flies are Waking Up!

One Fly carries enough germs of all kinds of disease to infect an entire household. Once let them in the house your peace is gone.

Protect your health and ensure your freedom from irritation by keeping the germ-carrying, sleep-destroying Fly outside. This is an easy matter if you equip your house with our Screen doors and windows, and at the prices we charge it is not very expensive either.

Screen Wire in any size from 24" to 34".

Hoes, Rakes, Garden Spades and Shovels.

Do Not Miss This Opportunity

Mr. Grossmith is a delightful and versatile artist, reciter, pianist-composer, monologist (with musical accompaniment by himself) and improviser, he has humor, variety and a high degree of artistic finesse. From start to finish, large audiences everywhere express their enthusiasm and approve with laughter and applause. His programme, being of the same standing as that given by the famous Grossmith family well known all over the world as society entertainers, is varied, never tiring and thoroughly enjoyable in every part. Leslie Grossmith will appear at the Bassano Opera House on Wednesday Evening next May 28th and there is no doubt but that he will be greeted with a large and appreciative audience. Mr. Grossmith, who is appearing under the auspices of the School and is very much interested in school-work, is very kindly giving his celebrated lecture on Music in the school-room on the afternoon of his visit here which lecture is free to all children and parents.

\$10 REWARD

For Brown Mare, branded 88 on left thigh with halter and rope around her neck, weighs about 1000 lbs. (put in barn at Bassano).

F. D. BUCK, Bassano.
